Petition to Remodel Country Crossroads Community Center

We, the undersigned residents of Wayne Township, respectfully request that the Department of Community and Economic Development approve through the Local Share Account grant program to fund a comprehensive remodel of the Country Crossroads Community Center. Should this grant be approved, there will be no cost to the taxpayers of Wayne Township.

Purpose of Remodel:

The Country Crossroads Community Center can be a vital hub for our community, providing essential services and a space for gatherings. However, the current facility is outdated and unable to meet the growing needs of our community.

Benefits:

Remodeling the community center will offer numerous benefits, including:

- Enhanced Accessibility: Improved facilities for all community members, including those with disabilities.
- Modernized Amenities: Updated spaces that better serve our community's needs.
- **Increased Engagement:** A more welcoming environment that encourages community involvement and activity.

We urge you to take action to ensure that the Country Crossroad Community Center can serve as a central and vibrant part of our community.

Thank you for your attention to this important matter.
